Phenomenal is an understatement when it comes to Keonte and her overall work ethic. From resumes, cover letters, letters of proposals etc. ,please know that there is no need to look any further. She's professional,she's knowledgeable, she tailors everything according to each individual she's working with. I landed my dream job after she rewrote my resume. I landed an interview within hours after submitting my application along with my resume. Please please please DO NOT hesitate to reach out and redirect your life, your path, your career, your business or whatever it may be. Honey! After you resent me the editable doc. I started sending out resumes and I already got 2 interviews both paying more than my current employer and a meeting with a field sales rep for possibly my own agency. Your strongly worded resume and cover letter were clutch! Thank you 🙏
